

BEST PRACTICES

BEST PRACTICE – I

1. Title:

Cultivating Creativity: Building Student Entrepreneurs

2. Objective:

Foster an environment that encourages creativity and innovative thinking, enabling students to develop unique business ideas and solutions.

3. Context

Encourage students to take risks, pursue business, and foster socially responsible entrepreneurship addressing social issues.

4. Practice:

Young Women Entrepreneur Development Centre offers 14 courses, while ACIDE, IIC, and SESREC support startups and provide practical experience.

5. Evidence of Success

Student-run Juice Corner, Minimart, and Alumnae Stalls offer entrepreneurial experience and build confidence.

6. Problems encountered

Cultural stigma and demanding schedules push students toward traditional careers, limiting engagement and opportunities in entrepreneurship.

BEST PRACTICE-II

1. Title of the Practice:

Promoting Student Wellbeing

2. Objective of the Practice:

Enhance the overall wellbeing of students, leading to a more positive and productive educational experience.

3. The Context:

In a fast-paced educational environment, support systems addressing academic success and well-being are essential.

4. The Practice:

Mentors track progress on the ERMS portal, while the college provides a safe environment, health services, and wellness facilities.

5. Evidence of Success:

Students show improved performance, increased participation, and achievements in academics and sports, highlighting the effectiveness of holistic education.

6. Problems encountered and Resources required:

Rising media consumption distracts students and reduces their study time which affects focus and academic performance.
