2021 - 2022

Recently developed computer related courses can be introduced. Add some recently developed courses on coding	The certificate courses offered by the departments -Computer Science, Computer application and Information technology during 2022-2023 are need based innovative courses. Department of Microbiology is going to introduce Certificate in Medical Coding from the academic year 2022-2023.
More Extra-curricular activities can be offered	Youth welfare forum and other Part-V activities are providing adequate opportunities for the students to involve themselves in extra-curricular activities.
Students can be trained on stress management	Ward meetings and Personal counselling to wards by tutors are aiming at stress management of students
Curriculum should be in systematic likewise studying in the BOOK is not satisfied IT should be based on the working by the students	Apart from the Practical/Lab courses, field visits and internships are also included in the curriculum from 2020 onwards. Computer literacy for all, conduct of online quiz/assignment and other exams through online software, motivation for referring NLIST journals, SFRC m-learning and videos in Lecture capture system/SFRC connect aims to promote the soft skill of the students in the digital era.
All students must be made to follow the rules and regulations of our college	College union / Disciplinary committee / Anti-ragging committee are taking efforts for the betterment of the students
